

REMARKS/ARGUMENTS

Reexamination of the captioned application is respectfully requested.

A. CLAIM 78

By the current amendment, to fulfill the requirement of the office action Applicants reluctantly cancel claim 78 without prejudice or disclaimer. Applicants do not understand why independent claim 78 has been withdrawn in view of the fact that other independent claims directed to a user equipment unit (UE) were also previously presented. Applicants abide by the examiner's determination, but if upon further reflection the examiner is inclined to rejoin independent claim 78 Applicants are more than willing to do so. Otherwise Applicants expect no double patenting rejection to be raised with respect to a successor of independent claim 78 in any divisional patent application.

B. MISCELLANEOUS

Applicants presume that the two-month due date of June 29, 2010 supersedes the one-month date of May 29, 2010 as this is a Quayle Action as indicated in the second paragraph of the Office Action and as indicated in the paragraph before "Conclusion" on page 3 of the Office Action.

In view of the foregoing and other considerations, all claims are deemed in condition for allowance. A formal indication of allowability is earnestly requested.

The Commissioner is authorized to charge the undersigned's deposit account #14-1140 in whatever amount is necessary for entry of these papers and the continued pendency of the captioned application.

Should the Examiner feel that an interview with the undersigned would facilitate allowance of this application, the Examiner is encouraged to contact the undersigned.

Respectfully submitted,
NIXON & VANDERHYE P.C.
